Temporary Docking Decals for Guests

The MWCD understands the practice of temporary guest docking at Associations and Clubs is not required. For 2017, Associations and Clubs that permit temporary guest docking will now have the **option** to acquire a supply of temporary decals as a point of sale convenience for their guests. Please contact Deana Schrupp for more details.

POLICY

The MWCD Docking Policy states in part:

*Existing private approved (recorded in county) residential developments adjacent to MWCD property, holding a current Docking Agreement, will continue to be eligible for docking privileges if administered by a Docking Association. **Only those persons whose land within the development contains a habitable structure with an approved sewage system are eligible.** Eligible residents may obtain docking at the discretion of the Board of Directors **for watercraft owned by themselves or members of their immediate family.** (Immediate family includes spouse, parents, stepparents, siblings, children and stepchildren. Your cooperation in acquiring docking privileges in compliance with the Docking Policy will help maintain conformity with the requirements of your Docking Agreement.)*
